

Amendments to the Abstract

Please replace the abstract on file with the following abstract:

-- The method of distributing encrypted portions of an audiovisual ~~programme~~ program to user terminals in which the successive portions of the ~~programme~~ program are encrypted with the aid of different keys, consists, on initiation, from a user terminal, of a telephone communication with a call ~~centre~~ center in transmitting in sequence from this call ~~centre~~ center and during the telephone communication the keys to the user terminal, doing so in a manner synchronized with the distribution of the successive encrypted portions of the ~~programme~~ program.--
